To whom it may concern,

Please accept this letter as a recommendation of East Suburban Interiors. My employer, Vincentian Collaborative System owns and operates several skilled nursing facilities, personal care homes and related businesses in the Pittsburgh area. We have used East Suburban for many jobs ranging from minor renovations of resident rooms and apartments to major upgrades of entire wings and corridors. Their work has always been professional and completed on time.

Over the past 2+ years, East Suburban has performed numerous renovation jobs for Vincentian totaling in excess of \$1.5 million. In all areas of their work East Suburban has been professional and courteous. They were accommodating of our needs and scheduled their work around the needs of our residents. They were also willing to coordinate their work with our own facility personnel to minimize disruption to our facilities. East Suburban has never hesitated to provide me with pricing on potential projects and was always willing to help me meet any budgetary constraints.

Vincentian has enjoyed the relationship cultivated with East Suburban's owner, Mark Mikol, and that of the superintendents Joe Mikol and Barry Bower. Each of them has been responsive to our needs and they are only a phone call away if needed.

Vincentian will continue to utilize East Suburban and we would not hesitate to recommend them for your project. Please feel free to contact me if you have any concerns.

Sincerely,

Nathan Doherty

Executive Director of Facilities & Support Services

Vincentian Collaborative System
